Crow's Nest Pass Musical Festival

Finance Committee Asks That Same Generous Support be Accorded This Year as Last

The following letter from the office of the secretary, Mr. Frank J. Smith, Hillcrest, will appeal to all who are interested in the success of the fourth annual festival of the Crow's Nest Pass Musical Festival to be held at Blairmore on April 9-10-11, and is commended to the attention of readers of The Journal:

As the festival falls on a date much earlier than last year our financial arrangements must be made correspondingly. Each year greater interest, enthusiasm and support is forthcoming and we look forward to the coming event with confidence.

It is anticipated that our financial requirements will be about the same as for 1927, and because of the generous manner in which our appeal was met last year the committee feels that it will be unnecessary to make a personal canvass for funds.

Aside from choirs and orchestras 105 individuals competed in the various events last year. For this year additional numbers have been added to the program and we have every reason to hope that the fourth festival will prove the most interesting and successful yet held.

As a subscriber to our funds last year we again solicit your interest and financial support for 1928.

Donations, which we should like to have reach us not later than March 15, so that suitable acknowledgment may be made in the official program, may be made to Mr. J. C. Cox, member of the financial committee, or forwarded direct to the secretary-treasurer.

Where requested, individual donations can be applied as prizes to any particular class of competition and the donors' name mentioned on the official program.

Trusting this request will meet with the response which we feel the cause merits.

On behalf of the Finance Committee.

Moore Johnson, Chairman

Knights of Pythias Successful Anniversary

Sold Everything at Pantry Sale and Big Crowd at Dance Last Saturday

It was a very successful affair in the general consensus of opinion of all who attended the anniversary dance of Sentinel Lodge last Saturday evening, when a fine program of dance music was given by Messrs. Smith and Parkinson.

In the afternoon the ladies held a pantry sale, and by 4 o'clock everything had been sold, causing disappointment to late comers.

During the remainder of the season the Knights will hold dances every Saturday evening, and with the splendid programs of latest dance music by Messrs. Smith & Parkinson, whose orchestra has won general approval, they look for a good attendance weekly.

Coleman Shamrocks vs. Calgary Hollies

The following account of the Shamrock Hollies game at Banff carnival by a spectator who evidently was a strong booster for the Coleman girls will be read with interest.

The Banff Winter Carnival Committee of 1928 can congratulate themselves on staging what certainly has been the most successful carnival ever pulled off in Western Canada. Every event was keenly contested from start to finish whether hockey, curling, ski-racing, swimming, dog racing, ski-jumping, ski-joring or any of the other events on the carnival program.

The final of the ladies hockey for the Alps cup was fought out on Friday night between Coleman Shamrocks and the Calgary Hollies, and to judge from the comments on the game by some of the 800 spectators who attended, was undoubtedly the greatest game of hockey ever played in Banff, by what used to be the weaker sex.

The first period was not long under way until it was plain that both teams were well matched, and with both teams out to win, it looked as if the spectators were going to be treated to a spectacular game and certainly no one was disappointed.

Coleman started out nervous, apparently feeling the importance of the occasion more so than their hardened opponents, but they soon settled down and played as confident between the blue lines for most of the period.

Coleman, being over-anxious, missed a lovely chance half-way through the period, when a perfect pass from Dot Johnson to May Muir just missed by inches. Mary McDonald in the Coleman goal pulled off some nice saves in this period, but the defence took care that the Calgary side never got too close in to do any scoring.

The first half of the second period saw Coleman at their best. Calgary scarcely ever getting past centre ice. The Coleman forwards were getting in some pretty work in this period, but Mrs. Hanney, in the Calgary goal, was at the top of her form and with the heavy checking and slugging that the Hollies are noted for, Coleman's rushes again proved abortive, and so the second period went scoreless.

The third period started out fast, both teams working hard for a goal. Calgary depended mostly on solo rushes, which although providing some nice stick-handling, never got through the defence.

The Coleman forward trio were now going good, their combination being really delightful to watch, and their passing perfect. Both teams had chances galore, but the goalies were both pulling off remarkable saves and the third period went scoreless.

The first two periods of overtime were both productive of first-class hockey, but still no one was able to score, although both teams had plenty of chances, the goalies saving time and again when it looked like a sure goal.

The third period was not long started until it was evident that both teams were showing signs of the hard battle, Coleman more so (Continued on Page Eight)

Orangemen at Lethbridge

Over one hundred delegates from all over the province and from as far north as the Peace River arrived in Lethbridge on Tuesday evening for the Grand Lodge convention of the L. O. B. A. which will hold sessions until Thursday. In addition to delegates from Alberta lodges, representatives from the Supreme Lodge at Toronto, and also from Quebec and Winnipeg are looked for.

Promises Better Telephone Service

District Traffic Chief Looks Into Complaints as to Slow Service on Telephones

In connection with the government telephone service, a visit was paid to Coleman last Thursday afternoon by Mr. R. Harper, district traffic chief, of Lethbridge, to enquire into the reasons for complaints that have been made. He interviewed several individuals, and in an interview with The Journal stated that though there may have been some delays and interruptions to the service for a few days following the fire, while the staff in the exchanges were working under difficulties, yet every effort had been made to give the subscribers as efficient service as under ordinary conditions. He stated that though there had been suggestions made that Coleman should have a local exchange, if this were granted all towns now served through the Blairmore exchange would be placed on a toll basis, and Coleman would have to pay long distance charges on all messages to towns to which they are now being given service without a toll charge.

In connection with complaints of indifferent service, he stated that every effort would be made to keep the service as efficient as possible, and he believed that with improved facilities to be provided in the new exchange, it would enable the operators to handle the calls more promptly.

School Committees Appointed

Committees appointed at the statutory meeting of Coleman school board last Saturday evening were as follows: School management, James Moore, James Glendinning; Works and Property, Wm. Fraser and Herbert Snowden; Thos. Johnson is chairman of both committees. The first regular meeting of the board will be held on Wednesday, March 7.

Mr. Johnson, former chairman, was unanimously re-appointed chairman of the board.

St. Alban's, Coleman

Friday, February 24, (Anniversary of the Bishop's Consecration) 8 a.m. Holy Communion.

Sunday, February 26, Evensong at 7 p.m.

Wednesday, February 29, Evensong at 7.30 p.m., address on life of Christ.

These evening week end services will be continued through Lent. Sundays after Sunday School, Confirmation classes at 3.30 p.m. —A. D. Currie, Rector

Exceeding Speed Limit

220 miles per hour is the latest record for automobile speeding. Such high rates of speed may be of practical use in flying, but for use on land there appears to be only one place in the world to day where such bursts of speed can be tried out, and that is Daytona Beach, Florida. Still there are aspirants who claim they will make 225 miles per hour.

Masons Honor J.O.C. McDonald

Presentation Made Prior to His Departure for Brule Mines at End of Month

A party of about sixty including masons, and members of the Eastern Star chapter, gathered in the lodge room last Thursday evening, and following an hour or more spent in playing bridge, the Worshipful Master, Thos. Flynn, on behalf of the lodge presented Past Master McDonald with a set of gold cuff links, and remarked on the fact that Mr. McDonald was one of the only two charter members of Summit Lodge now left residing in Coleman. He expressed the good wishes of the members in behalf of Mr. and Mrs. McDonald, and assured them that they would always find a warm welcome awaiting them in Coleman, where they have lived for over twenty years.

In accepting the gift, Mr. McDonald stated that it was with feelings of regret in leaving many warm personal friends and they had spent many happy years in Coleman, which would always be treasured among their memories.

Following the serving of lunch, dancing occupied the remainder of the evening till almost 1 a.m.

The Return of the Drum at Coleman

(The War Cry)

Captain and Mrs. Hind—We felt that God certainly blessed us in the half night of Prayer, the opening event of our Crusade. On the Saturday the Corps Officers accompanied by Captain Harbord, went a twelve mile hike up the mountains to visit the logging camp, where the lumberjacks greatly appreciated the visit. Captain Harbord, who was with us for the week-end, took the Hollies Meeting, and his words were a blessing to all. In the afternoon he visited the Company Meeting. In the night Open Air Meeting we had a welcome visitor—the drum—which has been away in Calgary for repairs. The presence of this necessary weapon of warfare caused much excitement on the street. On the Monday night, in the United Church, Captain Harbord gave an illustrated lecture on "The Pilgrim's Progress." We had a record crowd. Lantern services have been commenced here and we feel much good will be accomplished thereby.—C. H.

Dick Shone, after a very hard tussle during the past few weeks, in making steady recovery, though he will have to remain in the hospital for some time yet as a result of a serious case of blood poisoning caused from a scratch on his hand.

Notes by the Way

Did you, Mr. Business Man, contribute your dollar towards the "Star" campaign? If you are not in possession of the little yellow certificate, give your dollar to Principal Hoyle or one of the youthful collectors, and put "You" into "Youth."

Contrary to general rumor, a man was not shot by the police in Coleman, on Saturday night, but there were two men reported to have been half shot, following a convivial gathering there to celebrate an auspicious occasion.

A news despatch says, "Horned frog resumes 31 year sleep," which reminds one of the endurance of the camel to go nine days without a drink; but then who wants to be either the camel or the frog, when there is so much going on in the world today.

You can now call up London, Eng., from Calgary, by telephone, but it will cost you \$90 for a three minute talk.

The master tailors have just held a convention, and now are telling the men just what is the correct thing in clothes for the coming year. But it is a safe bet that many of last summer's suits and hats will be making a visit to the presser and repairer for seasonal renovation, despite the latest fashions in t-jump and swallow tails.

The way Toronto University put it over the English hockey team at the Olympic games at St. Moritz Switzerland, proves that Canada, is the home of hockey. Climatic conditions are all to the good in this country for the development of players and the game.

Captain Campbell makes 208 95-602 miles per hour, states news despatch. But why bother about the 35692? Nobody wants topflight hairs.

New Chevrolet Models Creating Interest

Crow's Nest Pass Motors Announce Arrival of New Models at Blairmore

So many improvements are to be seen on the new Chevrolet cars that to describe them individually would take several columns, and to do justice to the beauty and improved appearance of the new models now on view at the Crow's Nest Pass Motors is more than mere words can adequately describe.

Already they have been viewed by large numbers, and the models on display are the Imperial Sedan, Coach Coupe and the Sedan.

A feature which is of special interest is the new non locking four wheel brakes, and the semi elliptic shock absorber springs. Larger balloons tires, 30x4.50 are carried as standard equipment on all passenger models, and larger, deeper Harison honeycomb radiator gives quite a fine appearance from a head on view.

Next Thursday a factory expert will give a lecture at the Crow's Nest Pass Motors at 3 and 8 p.m., to which all car owners and prospective buyers are invited.

Popular Couple Were Wedded This Morning

Graham-Machin Nuptials by Rector of St. Alban's at 7.30 —Leave for Calgary

Wedding bells were ringing early this morning, when Dorothy May, only daughter of Mr. and Mrs. F. G. Graham, was married to Mr. Stephen Machin, of Coleman, the ceremony being conducted by the Rev. A.D. Currie, rector of St. Alban's, in the presence of relatives and immediate friends of the families.

Attending the bride was Miss Blanche Matchin, sister of the bridegroom, and Mr. Alphonse Tiberghien was best man. The bride was given away by her father, and at the opening of the ceremony Lohengrin's Wedding March was played by Mrs. Wm. Jackson.

During the signing of the register Mrs. W. H. Jones sang in very pleasing style "Gods Will."

The wedding breakfast was served at the family residence immediately following the ceremony, the table being profusely adorned with cut flowers, white festoons of smilax and roses were tastefully arranged in an attractive decorative scheme.

The bride's wedding dress was white and navy Georgette with hat to match, and she carried a lovely shower bouquet of roses. Her travelling costume was of navy blue trimmed with velvet. The bridesmaid's costume was of pink georgette with girdle of silver and rhinestones with hat to match, and she carried a bouquet of pink carnations. The bride's mother was attired in a costume of black flax crepe trimmed with fish georgette.

The newly wedded couple left on the local at 9.50 a.m. for Calgary and Banff to spend their honeymoon, and were given a hearty send off at the depot. They were the recipients of many beautiful presents, and the good wishes of a large circle of friends and acquaintances were extended to them on this happy occasion.

A post wedding reception will be held at the home of the bride's parents on Thursday afternoon next, March 1, from 3.30 to 6 p.m.

Donations to War Memorial

P. Smith, secretary of the Canadian Legion, acknowledges the following for the war memorial fund: Andrew Dow \$3.00; \$2.50 from collection at Memorial service. The total of the fund is now \$498.72.

Welsh People Will Celebrate

In honor of St. David, the patron saint of Wales, a celebration will be held at Hillcrest on Thursday, March 1. Thow of Welsh nationality residing in Coleman wishing invitations should apply to Mrs. R. Evans, Third street.

Special Notice

On March 1st, 1928, the firm of Danyluk & Ferly, doing business in Coleman, Alberta, will dissolve partnership.

All accounts payable and receivable will be assumed by Mike Ferly.

(Signed) MIKE FERLY STEVE DANYLUK

Blairmore Legion vs. Calgary Falcons

At Blairmore, Monday Night, February 27th, at 8 p.m. Finals Junior Provincial Championship. Everybody's Going! Admission 50c. Reserved Seats on Sale at Drug Store 75c.

SUBSTANTIAL CUT MADE IN INCOME AND SALES TAX

Ottawa.—Before packed galleries and an eager attentive House, Hon. J. A. Robb, Minister of Finance, submitted his fifth budget.

Last year Mr. Robb had a ten per cent. reduction in all personal income tax rates to announce. Recently he announced another ten per cent. reduction in income tax rates with exemption of \$500 to those supporting dependents over 21 years of age incapable of self-support on account of mental or physical infirmity.

He announced a reduction to eight per cent. in the tax on corporations. The present rate is 8.1 per cent.

He announced a reduction of 25 per cent. in the sales tax, bringing the rate down from four to three per cent.

He estimated his tax reductions would amount to \$18,000,000.

So far, Mr. Robb's taxation changes created little surprise. But in another respect there is comment. Expectation was general that he would announce a reduction both in the excise duty on cigarettes and in the import duty on liquors. But in neither case had Mr. Robb any reduction to announce.

Tariff proposals cover a pretty wide field. Cottons, woollens and textiles come under review. There are changes affecting printing and publishing, fruit and horticulture, fishing, road-making, aviation, mechanics' tools, the salt industry. There is a change in regard to the British preference. At present Canada requires that imports, to enter under British preferential rates, shall be 25 per cent. Empire labor and materials. Mr. Robb proposes to double that percentage.

Reviewing the country's finances, Mr. Robb estimated that for the fiscal year ending March 31 next he would have a surplus of \$54,515,000. Deducting \$16,000,000 written off advances to soldier settlers, Mr. Robb estimated his net debt reduction at \$38,000,000.

Suggests New Scheme To Secure Settlers

Sir Henry Thornton Advocates Higher Freight Rates To Obtain Funds

Toronto, Ont.—The raising of \$20,000,000 annually by increased freight rates on the part of both the Canadian National Railway and the Canadian Pacific Railway, to be administered solely in the prosecution of a vigorous immigration policy was the scheme which Sir Henry Thornton, chairman of the Canadian National Railways, outlined during a speech at a dinner of St. Andrew's Masonic Lodge here. Sir Henry stated that if freight rates were increased on an average of five per cent. it would yield to both the C.N.R. and the C.P.R. an additional \$20,000,000 each year. "If both railways joined hands in raising that fund and the encouragement of immigration," he declared, "we would make infinitely more progress in the future than in the past."

The speaker stated that there were 300,000 experienced farmers who would come to Canada, if they had partly prepared farms waiting them. "We can bring those 300,000 experienced farmers here and other hundreds of thousands of boys and men from the motherland," he declared, "that represents the kind of thing which we ought to spend our money on."

Will Represent Canada

Lieut.-Col. Vanier On Advisory Committee Of League Of Nations

Geneva.—The League of Nations has been officially informed by the Ottawa Government that Lieut.-Col. G. P. Vanier will represent Canada on the permanent advisory committee of the League of Nations for military, naval, and air questions.

As a member of the council, Canada has the right to this representation of a committee which doubtless will play an important role in the forthcoming disarmament negotiations here.

Says Flight Not Hazardous

St. Louis, Mo.—Inquiry of the intention of Secretary of War Davis, to request him to stop all stunt flying, Colonel Charles A. Lindbergh replied he was perfectly willing to sacrifice his life if he should happen to be killed in the work he is doing. "I don't consider what I am doing as a flying circus in the sense that I have taken unnecessary risks," he said.

W. N. U. 1721

Budget Summary

Some Details Of The Budget Presented By Minister Of Finance

Ottawa.—Here are the highlights of the budget presented to the House of Commons by Hon. J. A. Robb, Minister of Finance:

Tax Reductions.—Income tax, ten per cent. reduction in personal income tax. Tax rate on corporations cut to eight per cent.

Under the new income tax schedule, \$500 exemption will be allowed for mentally or physically incapacitated persons over 21 years of age.

Sales tax: Twenty-five per cent. reduction, i.e., rate cut from 4 to 3.

All tax reductions are effective Feb. 17, and reduction in income tax applicable to taxes payable on income for last year.

Tariff Reductions: Cottons, material reductions in large range household cottons. Rates lowered on yarns, British preferences widened.

Woolens: Duty reductions on mills and all but more expensive lines of underwear, socks, stockings. Yarns for weaving free. Preferential duty reduced on woolen goods imported in gray for dyeing and finishing.

Lined: British preference rates finger grades reduced. Re-classification lines of flax and jute products.

Textile machinery: On large part importations, British preference duty reduced from 10 to five; intermediate, 10 to 5.

Reductions in duty on press blanks: slate, flake calcium chloride, for road treating; non-alcoholic preparations for distilling, etc.; crude petroleum for refining free till July 1, 1931.

Rates on parts for fishing boat engines reduced; nickel chromium for making electric resistance wire free.

Drawings: Eighty per cent. on certain kinds of magazine paper.

Ninety per cent. on bituminous coal for melting or evaporating salt.

Sixty per cent. on material used in no drawback unless 40 per cent. of cost of production incurred in Canada.

Fifty per cent. on material used in aeroplane engines. After July 1 no drawback unless 40 per cent. of cost of production incurred in Canada.

Present duty on aircraft engines extended until July 1, 1930.

Co-Operation Urged

In Weed Control

Federal and Provincial Departments Should Work Together On Government Lands

Ottawa, Ont.—During the discussion of a vote in the House of Commons of \$375,000 for seed, feed and fertilizer credit, G. G. Coote, U.F.A., Mace, informed the Minister of Agriculture that in Western Canada there was quite a problem resulting from the growth of weeds on Government lands. He suggested that the minister might spend a little of the money of the appropriation in eliminating these noxious weeds from government property. The farmers themselves could not go on the Dominion lands in order to do this work.

Hon. R. R. Bennett, Opposition leader, said that Mr. Coote had raised a very important question, and urged the Department of Agriculture to endeavor to co-operate with the provinces in such matters. The minister said that the question of overlapping the administration of the departments with provincial affairs was being eliminated. The minister told of the efforts being made to combat the weed problem. The vote then carried.

Seeking Altitude Record

British Plane Would Have To Ascend Eight Miles

London.—The Air Ministry soon will make an attempt to gain for Britain the air altitude record. A secret plan which was built for the attempt has been removed from Bristol, where the effort originally was to be made, to South Farnborough.

Air Service pilots will be at the controls. It is understood that an exceptionally small Bristol biplane will be used. To beat the present record it will be necessary for the plane to ascend about eight miles.

Woman Factors Favored

Ottawa.—Approval of the general principle governing the ordination of women into the ministry was given by the Ottawa Presbytery of the United Church of Canada in session here. The Presbytery, however, decided that at the present time it was not expedient to introduce the matter for adoption by the general council.

For the purpose of developing foreign markets for Indian goods, the Indian commissioner is sending a trade commissioner to many parts of the world.

Soldier Settlers' Lands

Re-Valuation Results In Many Reductions Being Granted

Ottawa.—Seven thousand eight hundred and eighty-six soldier settlers have applied for the re-valuation of their lands under the act passed at the last session of Parliament. It was shown in a return tabled in the House of Commons. Of these applications only 18 have been dealt with. These were in Saskatchewan and a reduction of twenty-two and a half per cent. was granted.

The annual report of the soldier land settlement board also tabled shows that since the inception of the scheme \$109,000,000 has been loaned to soldier settlers. The outstanding indebtedness of the settlers is \$78,000,000. The sum of \$18,000,000 has been repaid plus \$4,000,000 interest. One thousand and fifty soldier settlers have discharged their debts. Last year during the collection period ended June, 85.4 of the amount due was collected and the board reports that collections have shown a notable improvement.

ALBERTA WILL REFUSE OFFER FOR RAILWAYS

Edmonton.—That the Province of Alberta should refuse the replacement value of the Edmonton-Dunsmuir and British Columbia and Central Canada Railways was the declaration made by Premier Brownlee during his speech which dealt with the railway offers received by the Alberta Government in the Legislature.

The government's reply to the offer of the Canadian National and Canadian Pacific Railways would be: "We will not accept." The Government is prepared to avoid another joint offer from the railway companies or separate offers but in the meantime is prepared to go ahead and operate the lines, confident that the value of the Alberta railways can be demonstrated and satisfied that the replacement value eventually can be obtained.

"These Alberta railways are not on the auction block and in future we are not going to peddle them from place to place," said the Premier, "and the time is coming rapidly when our railways will be keenly desired by the great transcontinental lines."

The answer of the Government to the Canadian National's offer for the Alberta and Great Waterways Railway would be that this offer is not satisfactory.

Premier Brownlee sounded a rallying cry to the Boards of Trade, newspapers and all organizations in the province desirous of bringing about a successful solution of Alberta's railway problems to stand together and co-operate toward the desired end. He pointed to what Manitoba and Saskatchewan had done by united effort in achieving their goal in regard to the Hudson's Bay line, what British Columbia had done in regard to the P. and G.E. and what the Maritimes had been able to accomplish in Maritime rights, and asserted Alberta could bring about a satisfactory solution to the railway problem if all stood together.

Heir To Asquith Title
London.—Earl of Oxford and Asquith's heir is 11-year-old Julian, Viscount Asquith, son of the former prime minister's eldest son, Raymond Asquith, who was killed in action while serving with the Grenadier Guards in the Great War.

Inquires About Russian Break
Ottawa.—Copies of all correspondence and other documents pertaining to the break of relations between Canada and Soviet Russia are requested in a motion placed on the order paper of the House by A. A. Heaps, Labor, Winnipeg North.

Motor Cars Purchased
Ottawa.—Four hundred and sixty-one motor cars have been purchased by the Federal Government for its various departments since January 1, 1928, according to a return tabled in the House of Commons.

Would Encourage Folk Songs

Miss Juliette Gautier, descendant of a famous courtesan du bois, says her Indian blood has made her sacrifice a successful career in grand opera for the mission of making Canada's native folk songs famous. She is a master of many Indian dialects and has written in the Eskimo tongue.

At the conclusion of the earl's speech and song, the Canadians gave him three rousing cheers. The dinner was the occasion for gathering together some of the most brilliant of Scottish agriculturists. W. A. Wilson, agriculture representative for Canada in Britain, was chairman, and besides Lord Elgin there were present, Sir Robert Craig, president of the Scottish Board of Agriculture, and known as "the friend of Canada"; Dr. Crew, director of animal breeding, research department, Edinburgh University; Archibald Macneil, secretary of the Clydesdale Horse Society; John Stirling, secretary to the Highland Society; C. Weatherall, secretary Scottish Board of Agriculture; Professor Robert Wallace, Professor Ernest Shearer, head of the Faculty of Agriculture, Edinburgh University; Robert Park, owner of the famous Clyde horse, "Bramstone Agin"; John Geddie, Edinburgh historian; Dr. Savage, formerly of Winnipeg.

Massie-Harris Buys U.S. Plant
Racine, Wis.—The J. I. Case Flow Works, one of the Racine pioneer industries and which since its inception in 1876 has developed into a million-dollar concern, was sold to the Massie-Harris Company, Ltd., Toronto, it was announced at the Case Company offices. No announcement of the consideration was given.

Urge Plan To Convert Coal Into Crude Oil
Ottawa.—The House of Commons called upon the Government to consider the conversion of Canadian lignite and bituminous coal into crude oil. A motion of T. E. Kaiser (Conservative, Ontario), advocating steps with the object of this work was approved after brief debate.

Dr. Kaiser in presenting the motion urged the Government to have coal from Canada sent to Birmingham, England, where it was tested as to its adaptability to the processes being used to convert coal into oil. He also wanted young Canadians to be sent abroad to study the latest developments in this work.

Speaking of scientific effort, Dr. Kaiser suggested that at the Gateway of the Prairies (Winnipeg), a monument should be erected to Dr. Saunders for his work in wheat to show the world that there were victories of peace greater than conquests of war.

He believed Canada was on the verge of a solution for the fuel problem by the conversion of lignite and bituminous coal.

A. W. Neill (Independent, Comox, Alberta), said many things could be done in chemistry but not always economically. He criticized the "mandatory character of the resolution," as it would involve the Government in very dangerous expenditures.

Hon. Charles Stewart, Minister of the Interior, declared he had had the privilege of making an investigation and study of the whole subject matter of the resolution while in Europe last summer. On one plant alone over 1,200 chemists were busily engaged in the time-consuming work. There were great possibilities in at least three or four experiments now under way in Europe. It was his desire, said Mr. Stewart, to learn what actually could be done in the way of experiments and what could be done in a commercial way.

He would be pleased to have an appropriation provided in the estimates which would be used for the purpose of sending students abroad to make scientific study of the treatment of coal.

"I want to see every avenue of research explored," commented Mr. Stewart, "but before we should set on foot some scheme that we do not have any overlapping."

Canadian Farmers

In Edinburgh

Visitors From Canada Honored At A Dinner At Which Lord Elgin Was Present

Edinburgh.—Canadian farmers now touring Scotland were honored in a unique fashion at a dinner in Edinburgh at which Canadian National Railway officials were hosts, when a Scottish earl, grandson of a former Governor-General of Canada, sang a famous Scotch dirge to the immense delight of his Canadian guests. The earl was Lord Elgin, whose illustrious grandeur was stoned by the populace in an historic event in Montreal, and the present earl, recalling the incident, caused great amusement by declaring that among the prized mementos at Broomhall were two pieces of granite which had been thrown at the Governor-General.

At the conclusion of the earl's speech and song, the Canadians gave him three rousing cheers. The dinner was the occasion for gathering together some of the most brilliant of Scottish agriculturists. W. A. Wilson, agriculture representative for Canada in Britain, was chairman, and besides Lord Elgin there were present, Sir Robert Craig, president of the Scottish Board of Agriculture, and known as "the friend of Canada"; Dr. Crew, director of animal breeding, research department, Edinburgh University; Archibald Macneil, secretary of the Clydesdale Horse Society; John Stirling, secretary to the Highland Society; C. Weatherall, secretary Scottish Board of Agriculture; Professor Robert Wallace, Professor Ernest Shearer, head of the Faculty of Agriculture, Edinburgh University; Robert Park, owner of the famous Clyde horse, "Bramstone Agin"; John Geddie, Edinburgh historian; Dr. Savage, formerly of Winnipeg.

He believed Canada was on the verge of a solution for the fuel problem by the conversion of lignite and bituminous coal.

A. W. Neill (Independent, Comox, Alberta), said many things could be done in chemistry but not always economically. He criticized the "mandatory character of the resolution," as it would involve the Government in very dangerous expenditures.

Hon. Charles Stewart, Minister of the Interior, declared he had had the privilege of making an investigation and study of the whole subject matter of the resolution while in Europe last summer. On one plant alone over 1,200 chemists were busily engaged in the time-consuming work. There were great possibilities in at least three or four experiments now under way in Europe. It was his desire, said Mr. Stewart, to learn what actually could be done in the way of experiments and what could be done in a commercial way.

He would be pleased to have an appropriation provided in the estimates which would be used for the purpose of sending students abroad to make scientific study of the treatment of coal.

"I want to see every avenue of research explored," commented Mr. Stewart, "but before we should set on foot some scheme that we do not have any overlapping."

TO INVESTIGATE NEW SYSTEM OF WHEAT GRADING

Ottawa.—The National Research Council, working in conjunction with the Board of Grain Commissioners, will be asked to investigate the feasibility of using protein content as a basis for grading wheat.

A motion by John Miller (Liberal-Progressive, Qu'Appelle), asking for a change in the method of grading grain, as amended by C. E. Bothwell (Liberal, Swift Current), carried in the House without division. The resolution also is referred to the agricultural committee of the House. Mr. Bothwell offered the amendment asking an investigation by the research council.

C. E. Bothwell (Liberal, Swift Current), pointed to the many difficulties in the way of establishing a system of grading based on protein content as recommended in the resolution. He then moved his amendment.

Hon. W. R. Motherwell, Minister of Agriculture, supported the amendment. He pointed out that every year during the last 40 years an off-year for grain had resulted in requests for a change in the system of grading. It was undesirable that the number of grades be increased to any great extent and the matter should have careful consideration from Government experts who could be called before the agricultural committee.

John Vallance (Liberal, South Battleford), in seconding the amendment said he would have preferred consideration of the problem be delayed until a report had been received from the agricultural committee.

E. J. Young (Liberal, Veybura), supported the amendment.

John Evans (Progressive, Roseworthy), doubted if the resolution was practical or if it would be of benefit to the wheat grower. He was not opposed to the resolution, however, and would be glad to have the whole matter discussed in committee.

Passing Of a Great Statesman
Great Britain mourns the Death Of Earl Of Oxford

Sutton Courtenay, Eng.—While eminent men and the press of Great Britain praised the Earl of Oxford's life of service and mourned his death, the body of the aged statesman, who died at his home here, was carried to the parish church of Sutton Courtenay.

Praise of the Earl of Oxford and Asquith as a great parliamentarian, a forceful, gracious debater and an unselfish servant of the nation's welfare is contained in thousands of expressions of condolence published and received by his widow. All recall his activities in the early days of the war, when as Prime Minister, he breathed the British spirit of constant courage.

Many proudly remember his declaration in the face of Germany's seemingly irresistible advance when he said: "We shall never stretch the sword we have not lightly drawn upon Belgium recovers in full measure all, and more than all, she has sacrificed; until France is adequately secured against the menace of aggression until the rights of the smaller nations of Europe are placed upon an unassailable foundation, and until the military domination of Prussia is wholly and finally destroyed."

Range Horses Stolen
Believed That Gang Of Rustlers Have Been Operating In Alberta

Lethbridge, Alta.—Scores of range horses along the international border are missing and it is believed an organized gang of rustlers has routed them up and made away with them. Farmers anxious to get in their horses so they may be put on feed in preparation for spring work found the animals missing and the authorities investigating the losses are of the belief that the rustlers have driven the animals to the Blackfoot Indian Reserve, altered the brands and shipped the stock to Butte, Montana.

Winnipeg Educationalist Dead
Winnipeg.—Dr. Alexander McClarty, 65, prominent in educational and Masonic circles, died suddenly at his home here. Dr. McClarty was vice principal of the Winnipeg Normal School.

Would Bear Oriskany
Victoria.—W. F. Kennedy, Conservative member for North Okanagan, has filed a resolution in the House to request the Federal Government to allow some more Oriskany to enter the Dominion.

Postmaster's Inadequate Salaries

The Journal has received a letter from the Canadian Postmasters Association drawing attention to the miserable salaries or allowances that are made for the handling of His Majesty's mails, which states that the postmasters of Canada have been forced to neglect the many necessities of life because their wages have never been reasonably considered, and no attempt has been made to increase the incomes of the postmasters in keeping with the increased revenue of the postal department.

Quite recently a movement was made to secure salary increases of county court judges throughout Canada from \$6,000 or \$8,000 to \$10,000 and in some cases \$15,000 per year, and when one stops to look into the salaries that are being paid, he realizes the injustice that the postmasters suffer. Statistics gathered by the Postmasters Association show that 10,000 postmasters are receiving from 20c to \$2 per day, out of which all expenses of his office must be paid by the postmaster. At the present time this represents a living wage of from \$60 to \$620 per year for all the responsibility they are called on to assume.

The government demands honesty and efficiency in the handling of the mails, yet it pays a salary which is beggarly. The cost of living shows an advance of 56 per cent since 1913, and the cost of labour 85 per cent in the same period. Yet the postmasters have received no such increases, or anything approaching them. It is high time that the efforts of the postmasters were backed up by public opinion and fair remuneration for the exacting services required.

If the judges need an increase in their salaries, then the postmasters require it a hundred times more. A little investigation into the conditions under which postmasters work and the long hours they have to give to their duties makes one realize that there is not a business in the Dominion where similar conditions would be tolerated. In some lines of its activities, the Postal Department acts the part of a "scab employer" of labor, utterly at variance with the conditions which govern all other lines of work, and it is high time that a change be made and improvement effected.

Benevolent Games of Chance

The Attorney-General's Department of Alberta recently came to an important decision when it ordered the withdrawal of charges laid by its provincial police against the local Elks Lodge at Coleman, Alta., for conducting a wheel of fortune at a Carnival held in that town. The "Wampus" (Calgary), official organ of the Elks, who have many Lodges in the Western provinces, suggests that if under the Federal Criminal Code there is any question of the legality of churches and fraternal, benevolent and service clubs raising by games of chance for legitimate objects, the Code should be amended to remove the disability. It points out that the question is highly important to the scattered communities of Western Canada where every carnival and bazaar is an education in service work. Certain immunities are, it is stated, already extended to industrial and agricultural fairs in connection with wheels of fortune and other games of chance, and if that is so, there is no reason why similar privileges should not be extended to properly organized service organizations. The Carnival idea so popular in the West, not only provides funds for various benevolent objects but furnishes entertainment where entertainment is none too plentiful and develops the social and community spirit.

In a general sense criminal intent is a factor for consideration in all prosecutions and it should not be difficult to distinguish between a game of chance framed to rob the individual in the interest of the operator, and one intended to woo the public's money into eleemosynary channels. So far as our observation in Ontario goes, the section of the Criminal Code with regard to games of chance is honored by charitable organizations more in the breach than the observance. Some years ago a district judge in Northern Ontario, laughingly told the writer of returning from a judicial centre where he had sent half a dozen gamblers to jail to find a church garden party in progress on his lawn. Two wheels of fortune and a couple of raffles were in full operation, and he was wondering whether he oughtn't to send himself and his friends to jail. An amendment which would clarify the Code on this subject is overdue.—Saturday Night.

THE NEW CHEVROLET

That the interest aroused in the New Chevrolet has been well merited is indicated by these first photographs of this latest addition to the light car field. The smart sport cabriolet, with its folding seat and disc wheels, is shown in the upper right-hand photograph. In the centre is the sturdy Chevrolet one-ton truck chassis, while at the lower right is the coach model, the body of which is five inches longer than formerly. Insets are: upper left, the massive new radiator and heavy full crown fenders; right, the powerful and clean-cut motor of the new line, with two-port exhaust and complete enclosure; lower left, a view of one of the four-wheel brakes. The New Chevrolets, which are to be reduced in price, are to be available at once. They are longer and roomier than previous models.

IDEAS

Everybody is looking for ideas---ideas for new clothes, ideas for new house furnishings, ideas for a hundred and one other things, and above all, ideas on how to make a dollar stretch as far as possible.

The enterprising merchant can utilize ideas every day in the keen competition to secure new customers and retain the old. Nothing is the same today as it was yesterday. We all must change our ideas, cast aside the old to adopt new, if we are to progress. And ideas are the most easily conveyed to the great buying public by means of the printed word, by that magic word---

ADVERTISING

the use of which enables the merchant to reach the largest possible audience each week with the least expense. The Journal furnishes the medium whereby the merchant can get his weekly message into the homes of Coleman. It is read there at leisure, when people have the time to go carefully over the store news as well as the news of the town.

A weekly advertisement in your local newspaper is the greatest antidote to mail-order buying. People look for it, and the undoubted influence of local advertising is bound to result in the promotion of goodwill and increased business.

COLEMAN JOURNAL

Personal and Local

Steve Danyluk, who for eight years has been in partnership with Mike Ferby in East Coleman, in a grocery and meat store, intends leaving by March 1 for Drumheller, Alta., where he expects to open up in business. He is very favorably impressed with the conditions at Drumheller, and believes it has a good future.

The ice harvest is over, and the contractor who for several seasons has cut ice at Crow's Nest Lake has packed up his outfit till next year. Towns in Southern Alberta for a considerable area are served from the Lake, besides which the C.P.R. takes very heavy consignments from this lake, it being noted for the purity of the water and the clearness of the ice.

Competition in dances was responsible for a small attendance at the swimming pool dance on Monday evening in the K. of P. hall. A rival attraction was on in East Coleman, where a dance was staged at the Polish hall, besides a hockey match at Blairmore. Life is certainly a whirligig these days--dances come so thick and fast that one requires to go home and rest to be in shape for the next evening. Nobody can complain for lack of amusement.

Mr. J. Asbridge, who for three years has been on the office staff of International Coal & Coke Co. Ltd., left on Monday for Corbin, B.C., to commence his duties as purchasing agent for Corbin Coals, Ltd. Mr. and Mrs. Asbridge came to Coleman from England, this being their first place of residence in Canada, and they have made many friends here who though regretting their departure, will join in wishing them success in their new home. Mrs.

Asbridge has been of assistance on many occasions in singing in musical programs, and consequently will be missed by quite a circle of friends. She will leave later for Corbin, following the return to Coleman of her mother and her daughter, who went to England last fall to visit her father, who had been in ill-health.

Some people's happiness consists of accumulating wealth; others in the achievement of a pet ambition; others in preself satisfying of their own pleasures, without regard to the welfare of others. The good community citizen is he who will not give the strong freezing look when asked to contribute to a worthy cause, but comes right out with his donation with a smile and is glad that he can be of some little assistance in making the world a little bit brighter each day.

Will Probe Mining Disaster

The royal commission of inquiry into the Hollinger mining disaster, whereby 39 lives were lost, will be conducted by T. E. Gosdon, K.C., judge of the Mining Court of Ontario. Upwards of a hundred witnesses are to be heard.

Re Hospital Board

The hospital board state that the offer announced last week whereby residents other than miners may take advantage of the special rate for hospital service will be withdrawn after the end of the month, so that those intending to subscribe under this plan must notify the secretary before that date.

Good words for your home town cost nothing, but they are seeds that bring good results.

Antrobus' Sell Good Shoes

Here and There

Edmonton.--Northern Alberta's biggest farm land deal this year was completed the other day when the well-known Trent Farm was sold to a colony of Menomonees for more than \$125,000. The new owners, eight families, will take possession on New Year's Day. The farm, which is in the Tisdale district, has 2,641 acres.

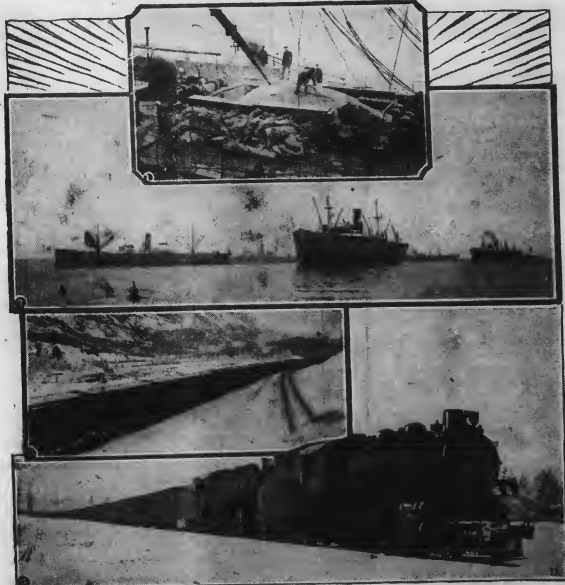

Passengers on the "Empress of Australia" now touring the world had a memorable experience when they witnessed brilliant military manoeuvres near the Grand Pyramids initiated by King Foad of Egypt in honor of the visit of King Amanullah of Afghanistan. Some of the passengers were subsequently received at King Foad's court.

Toronto.--An optimistic note with regard to the market for Canadian bacon was struck by A. J. Mills, representative of the British Ministry of Food in conference with packers here. He expressed the conviction that Canadian farmers would be very poorly advised to slacken in hog production at the present time, stating that an improvement in the British market was in sight with many of the countries which had been flooding Britain with bacon during the past year being practically out of the business.

With around a thousand guests seated in the Ball Room, the Main Dining Room and the Jacques Cartier Room of the Chateau Frontenac, Quebec City, that famous hotel presented a remarkable scene on the occasion of the New Year's Eve festivities. Among the guests were the Governor of New Jersey and officials of the state, while important parties came up from New York, Boston, Philadelphia, Baltimore, Chicago and other cities of the United States.

A handsome New Year's gift to the people of Canada is indicated in the announcement of reduction of rates charged by Express Companies of the Dominion for shipment of packages up to 15 lbs. in weight and not over 3 1/2 feet in length, width or depth, which has been issued and filed with the Board of Railway Commissioners for Canada by C. N. Ham, Chairman, Express Traffic Association. The reduction went into effect January 1 and it includes a continuation of the arrangement under which the Express Companies give protection against loss and damage up to \$50 without extra charge of packages carried.

65,000,000 Bushels of Grain Move West

1. A Canadian Pacific freight train passing through the mountainous regions of the west. 2. Part of a grain train passing through the mountainous regions of the west. 3. A large double-hauler carrying some of Canada's golden crop.

Over 65,000,000 bushels of grain will be carried into the port of Vancouver for the twelve months ending March 31 next according to estimated figures issued from the office of E. D. Cottrell, Winnipeg, Man., superintendent of transportation for the western lines of the Canadian Pacific Railway. These figures will establish a record. In fact they show enormous strides since 1922--the first year that the Canadian Pacific Railway handled any quantity of grain to the western coast. Up to and including January 21 of the present year, a total of 32,838,673 bushels have been shipped by boat from the port of Vancouver. Of this amount 28,756,000 bushels have been routed to the United Kingdom; 3,782,045 bushels to the Orient and 844,551 bushels to other countries. It is interesting to note that up to January 21, the Canadian Pacific railway loaded on western lines this season 125,481 cars of grain of all kinds. If placed end to end this vast collection of cars would stretch approximately 1,170 miles and a train, travelling at the fast rate of 60 miles an hour, would take nearly twenty hours to pass them. Very few people know that the very extensive and expensive facilities provided by the Canadian Pacific railway to handle the annual grain crop on western lines remain idle, comparatively speaking, for about two thirds of the year, and the money invested in these facilities and extra rolling stock earn no returns until the period mentioned. The building of the Transcanada yards at Winnipeg, with over 100 miles of track and a capacity of 12,000 cars, one of the most up to date yards on the continent, was necessary to handle the Canadian Pacific's grain traffic, and is therefore used for handling revenue traffic only about two thirds of the year. During the time the cars and locomotives are lying idle they are inspected thoroughly by the mechanical department and put into first class shape, so that when the rush commences they are ready for immediate use. This year seventy of the company's latest engines were transferred west for the grain haulage.

Personal and Local

The Rebekah Lodge will hold a tea and apron sale from 3 to 6 p.m. on Saturday April 7.

Supt. and Mrs. Watson of the power plant at Sentinel were visitors to Lethbridge the latter part of the week.

Two rinks of Coleman curlers left yesterday afternoon to try and lift the Burns cup from Pincher Creek. The party included H.C. McBurney, S. Moore, W.L. Rippon, J. McLeod, and H. Boulton. Ed. Ledieu, J. Bell and J.S. D'Arpolonia.

Mrs. D.K. Allan of Westlock, Alta., is the guest of Mrs. W.L. Rippon.

Miss Fairhurst of Lethbridge hospital nursing staff, arrived home yesterday to spend a few days rest at her home.

Capt. Wagner, of Meleod, will be in charge of the Salvation Army service here for the week end. A lantern service will be held on Tuesday night by Captain Hind.

Mrs. Falloon accompanied by her daughter, Mrs. H.R. Short, is attending the Orange Lodge convention being held in Lethbridge on Feb. 22, 23 and 24.

F. Borden of Lethbridge has been appointed to the office staff of the International Coal & Coke Co. Ltd. The W.M.S. of St. Paul's United Church will hold a pantry sale and tea on April 14th in the Club Rooms.

Joe Spievak of Corbin, came down for the week-end to visit his parents, returning on Monday morning.

Bishop Ralph L. Sherman of Calgary, was at Lethbridge for the week-end in connection with the Boys' Work Conference.

Matinee for children at 2 p.m. Saturday afternoon, admitted 10c. Picture—"The Cat and the Canary."

Mrs. Cornett was a delegate to the Diocesan conference of the W.A. at Calgary last week, representing the St. Alban's W.A.

"Guaranteed All White Help" states an advertisement in the Blairmore Enterprise. Must have been looking 'em over for color.

The social held at Mrs. F. Graham's residence on Tuesday afternoon under the auspices of the Eastern Star ladies was attended by quite a large number from town.

Prize winners last Saturday at the Rebekah whist drive were: Mrs. McGillivray and W.J. White first, floating; Mrs. McGillivray and Phist; consolation, Mrs. Hope and J. Lonsbury.

An exceptionally fine program of dance music was given at the tennis club dance last Friday night by the orchestra under the direction of W. Evan-Smith, which was highly commented on by the dancers.

The bright sunshiny weather of the previous two weeks was changed on Tuesday morning by the arrival of a snowstorm from the east, and slightly lower temperature.

Premier Brownlee states that Alberta will have a deficit in its 1927 accounts, consequently the proposed old age pensions scheme will not be adopted at the present session of the legislature.

A meeting of the local Boy Scout Association will be held in St. Alban's Hall on Monday, Feb. 27th, at 8 p.m. All those interested in the movement are cordially invited to attend.

The sale of work held by the Salvation Army on Saturday at Leosky, Ledieu & Co. store was well patronized, \$55 being realized. There are still some goods in the way of children's clothing which may be purchased from Mrs. (Captain) Hind.

The regular meeting of the Women's Institute will be held on Tuesday, Feb. 28, at the home of Mrs. W.L. Rippon, at 7.30. Roll call—Questions and Answers to Household Problems.

Felix Brennen, a former Coleman hockey player, was one of the star players in the Interior Championship game at Trail against Nelson, when the Trail team won by a score of 5-2. Felix played on the junior team here and is now playing on the forward line of the Trail club.

A surprise party was held on Tuesday evening in farewell to Mrs. Haining, who with Mr. Haining left this morning for Calgary to take up their abode there. A number of ladies gathered at the home of Mrs. Flynn, to where Mrs. Haining had been invited, and she was presented with a token of their friendship.

The inquest into the death of Malcolm H. Baird, aged 26 years, brakeman on the C.P.R., accidentally killed by being run over by a work train at Hillcrest on Thursday afternoon, was held at Blairmore on Friday afternoon, A.M. Morrison, of Coleman, presiding as district coroner. A verdict of accidental death was returned. The body was forwarded to his old home in Ontario for burial.

Shamrocks vs Hollies

(Continued from Page One)

then Calgary, resulting rather from the heavy body checking and slugging of the Calgary defence than from the strain of 75 minutes of hockey.

The Coleman side were now very much in the limelight, May Bell and Phenix Fraser working through time and again but to no avail.

A misunderstanding on the part of the Coleman defence let Morton in on a pass from Malm, McDonald having no chance. Calgary scored again three minutes from the end, per Malm with a perfect backhand flip. The last bell found Coleman working hard, but a strenuous and exciting game ended in Calgary's favor 2-0.

Notes on Players

McDonald—A born goalie, needs no more recommendation.

Chalmers—Good defence, has a lovely hook-check, fast and a good stick handler.

Hadfield—Brainy defence, plays a cool game, can stick handle and packs a nice shot.

Muir, Fraser, Johnson—Great forward line, specializes in hook checks, play nice combination, and all pack wicked shots.

Bell—Has the makings of a good player, can skate fast and a good stick handler.

Fraser—Inclined to check too hard but otherwise a good player. Purvis—Cool, steady defence and skates fast.

The Hollies lived up to their reputation as a rough aggregation and should have been penalized oftener. Coleman received one penalty on an accidental trip, but for a team with two sick players on the lineup and no manager, they gave the Hollies the hardest battle they ever had, and certainly deserved to win.

See the Calgary Canadians vs Blairmore Legion at Blairmore on Monday evening next.

CLASSIFIED ADVTs.

Advertisements under this heading, such as For Sale, To Rent, Lost, Found etc., are charged at the rate of 10c per line, counting five words to the line, with a minimum charge of 35c.
